PPR03 - BOX SET

EXCLUSIVE *RevDistribution* RELEASE

**— THIS BOX SET IS STRICTLY LIMITED TO 250 PIECES —
— WILL NOT BE RE-ISSUED IN THIS SAME FORMAT AGAIN —**

This box set is the ultimate package for any **COCK SPARRER** fan. It is truly the *Essentials*.

Cover to cover, this legendary package includes all six studio albums in case wrapped sleeves, four full live albums and a slew of singles, picture discs and creatively packaged one-of-a-kind goodies. All in all, thirty two sides of remixed, remastered, or otherwise previously unreleased 180gram heavyweight colored vinyl, a book, two posters, a limited edition metal lapel pin, and more. Our aim is to mirror in manufacturing what we feel they deserve as a band to commemorate four decades of truly setting the

stage, and the bar, for generations of punks and skins the world over. And they're all still friends, and still rocking just as hard, nearly forty years later.
